B.E.P.Q.-444, 3d Revision,
Supplement No. 2

PLANT QUARANTINE IMPORT RESTRICTIONS
OF THE
FRENCH ZONE OF MOROCCO

According to the Agricultural Division, Food and Agriculture Organization of the United Nations, Vizirial Order No. 2088, effective October 31, 1952, of the French Zone of Morocco orders as follows:

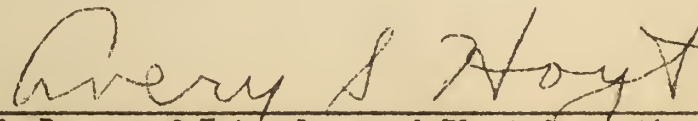

Importation of Cotton Plants Prohibited

1. The importation into and transit through the French Zone of Morocco of all plants and parts of plants of any species of the genus Gossypium is prohibited.

Importation of Cotton Products Restricted

2. By derogation of the provisions of (1), the following cotton-plant products may be imported:

- (a) Cotton fibers when free of husks and seeds.
- (b) Cottonseed, when intended for oil extraction within the city limits of the port of importation, unless further movement is authorized by the Director of Agriculture and Forests, and under conditions imposed by him.
- (c) Samples of cottonseed for sowing, in limited quantities, by decision of the Director of Agriculture and Forests and under conditions imposed by him for the importation and propagation of each shipment of such seed.

Chief, Bureau of Entomology and Plant Quarantine
